

Mercier, February 11th, 2019

Dear customers,

It is with great enthusiasm that we reveal our new identity!

Since 1976, the passion and hard work of my father, Robert Thibert, led the family business to expand and establish itself across Canada.

Over the past 42 years, the company successfully adapted and evolved in the different Canadian markets it set to conquer. While continuing to do so, this name change authenticates our entrance in the American market and supports our National and International evolution.

Throughout the year, you will notice the gradual change of our corporate image, in all aspects of the company. This transformation will not require any adjustments on your behalf, as our legal entity remains unchanged.

We are delighted with this change and are convinced that our new identity will ensure the continuity of the company's success.

Welcome home! Welcome to Thibert!

Christian Thibert
